Abstract: They summarize the Work which we presented is fruit of diverse investigations in the Provincial File Historical of Biscay, in particular of an exhaustive reading of the writings of the notarial section of Bilbao. At a first moment we have gathered all the writings conserved during first half of century XVIII. Later we have made a brief summary of each one of them, and we have ordered them and grouped by chapters: Ecclesiastical architecture (churches and convents), altarpiece and sculpture, goldsmithing, organ building, civil architectures (public and private), and industrial architectures.

Key words: Notarial section. Bilbao. Scriptures. Ecclesiastical architecture. Civil architecture. Altarpiece. Goldsmithing. Silversmithing.
