Abstract: The present work is the result of detailed and complete research (8,654 birth certificates, 1,555 marriage certificates, 4,925 death certificates); and it is also the result of the analysis of certain valuable documents (including the old cadastral register). Two tables constitute the framework of this book: the table of the houses and the table of surnames. These tables have been carried out bearing in mind all of the names of the houses and all of the surnames. The book is completed with the table of documents and some special chapters and maps. In accordance with the author's intention, they should be a reference book.

Key words: Sara. Lineages. Surnames. 16th-19th centuries.
