Abstract: This wor k gathers, by means of their own testimonies, the contribution of twenty women to the global de velopment of the town where the y live. During the period studied, (the nineteen-fifties to nineteen-se venties) this contribution is as important as it is unknown and occult. Their stories are a smal l reflection of the experiences of the women during those year s. This wor k is a con stant exercise of compilation, divulgation and re valuing of their contribution.

Key Words: Development. Women. Gender. Public-private fields. S trategies. Social model.
