Dear Sirs,

By the "Global Tours Limited, London" I have been appointed Courier for this season and need some help in order to put my organisation of the tour, to which I have the responsibility, up-to-date.

The holiday resort is San Sebastián where we are going to stay from 6 to 10 days according to the length of the tour.

In agreement with my superiors I decided to settle the following excursions:

Pamplona, Zarauz, Loyola, Bayonne, St. Jean de Luz and Biarritz.

I would like, therefore, to ask you to send me any sort of information you have about the above places, as well as about San Sebastián itself, for instance, leaflets and town plans.

As you know, every thing done by you and ourselves goes to the benefit of the Basque country that is what I want in applying you for some information, thanking you very much for your help.

Hoping to hear soon from you, I remain dear Sirs,

Yours truly,

= Albert Ubeda -
